

Announcing
the addition of two distinguished airlines
to the roster of those flying
the *Lockheed Constellation*
world leader

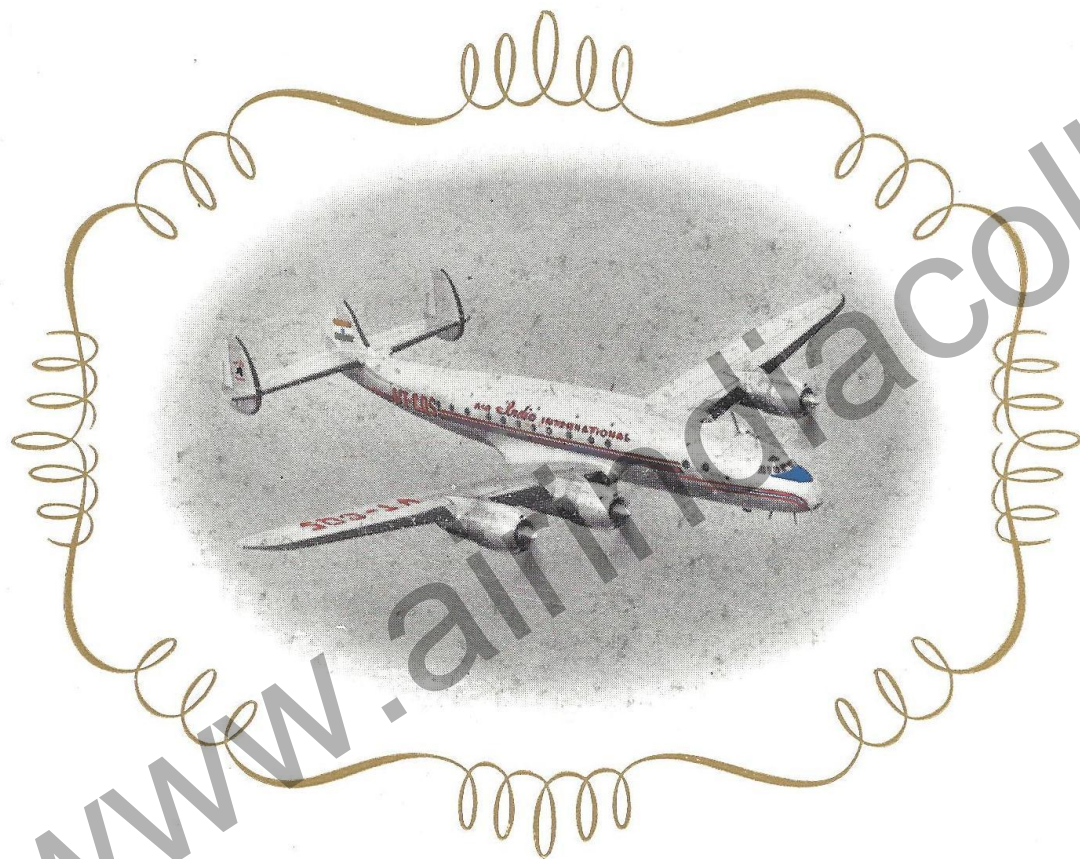

Selected by

AEROVIAS GUEST S. A.

MIGHTY CONSTELLATION 749's flying the proud eagle of Mexico now link Latin countries of the old and new world. First Aerovias Guest schedules joined Madrid with Mexico City via the Azores, Bermuda, and Miami. Later this newly formed airline plans to inaugurate eight hour service between Mexico's fascinating capital and New York City. With Constellations, Aerovias Guest will be specialists in swift, luxurious, non-stop air transportation.

Selected by AIR INDIA, LTD.

OVER THE ARABIAN SEA, across the ageless expanse of Arabian desert, high above the Nile Valley to Cairo run the routes of Air India. On across the Mediterranean and Europe to London, Constellations will fly the 5000 miles to link mysterious India with London in twenty luxurious hours. Air India's new Model 749 Constellations will feature both sleeper and roomy day arrangements to provide maximum comfort for world travelers who use this outstanding Indian airline.

The honor and distinction of
World Leader
is merited by the judgment
of these distinguished leaders
in International Air Transportation
