The Ultimate Flying Experience

The B 777-200LR and B 777-300ER are technologically the most advanced aircraft in the world today.

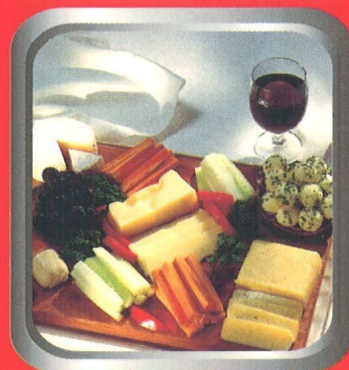

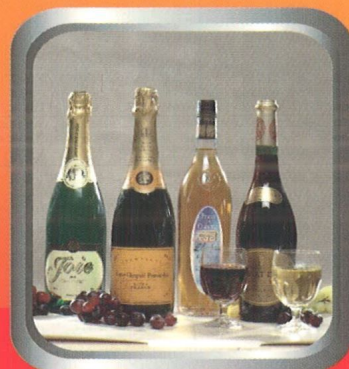

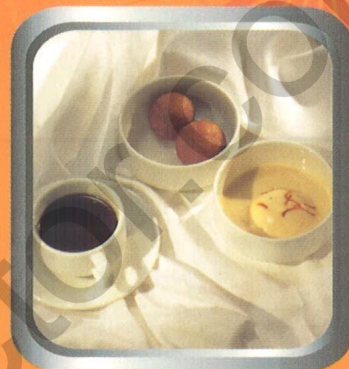

To heighten your flying pleasure and augment the atmosphere of comfort and luxury, several state-of-the-art features have been provided such as:

- Accent lighting or mood lighting enhancement to the main cabin illumination system.
- Audio Video on Demand (AVOD) Thales i4000/i5000 entertainment system for every seat.
- Choice of 250 hours of video and 150 hours of audio content.
- In-built audio-jacks in every seat equipped with a special noise cancellation feature.
- PC power and USB ports integrated in each seat enable the use of laptops, keyboards, MP3 players & other gadgets.
- Wall mounted satellite telephones allow calls to anywhere in the world during flights.
- A Landscape camera system provides bird's eye exterior views through the inflight entertainment system.

World Cuisine On A Platter

Savour the most delectable international cuisine, along with exotic Indian delicacies - with a choice of vegetarian and non-vegetarian meals. To make your gourmet experience even more memorable, we serve you specially selected liquors, wines and beverages. Espresso coffee machines are installed to further enrich the total gourmet experience.

- Exclusive CONVENIO service (meals at your preferred time and convenience) in First Class.
- Delectable Indian, Continental and sumptuous Oriental cuisine.
- Specially selected sparkling Champagnes and vintage red and white wines.
- Meals served on carefully chosen Noritake fine bone china in the First and Executive class.

World Class Inflight Entertainment

- Audio Video on Demand (AVOD) Thales i4000/i5000 system provides a wide range of entertainment with digital sound and picture quality in every seat.
- The system has a touch screen facility to simplify choice of entertainment programs.
- 250 hours of video entertainment comprising of Bollywood / Hollywood, Indian regional movies, programs on sports, adventure, health, travel, yoga, environment, fashion, music videos, comedy, cartoons for children, etc.
- 150 hours of audio content including Indian classical, ghazals, Bollywood hits, jazz, rock-n-roll, reggae, instrumental and much more.
- A variety of solo and interactive multi-player computer games.
- Updated national and international news including weather reports in English and Hindi.

First Class

Number of Seats: 8 - B 777-200 LR || 4 - B 777-300 ER

Configuration: 1-2-1

Pitch: 80 inches

Each seat is 23 inches wide, designed for privacy and is an individual cabin by itself. It is capable of transforming to a fully horizontal/lie flat position at a touch of a button, when the arm rest collapses, increasing the width of the bed to a comfortable 31 inches.

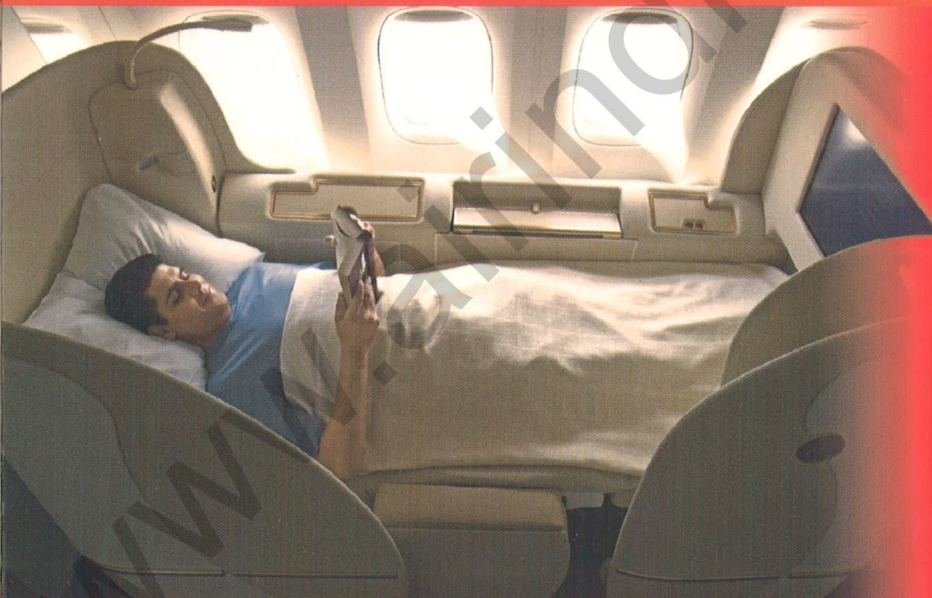

The ergonomically designed seat has an in-built lumbar support and a massage system. It can accommodate a fellow traveller on a buddy seat and has a large bi-folding table which accommodates meals for two persons.

A four way moveable leather headrest provides additional comfort.

Gourmet food is served on specially selected Noritake fine bone china, complimented by carefully chosen wines and beverages. A sumptuous Sky Buffet is laid out with mouth watering delicacies throughout the duration of the flight. Onboard Espresso machines churn out coffee as you like it.

The inflight entertainment system is equipped with Audio Video on Demand and 23 inch LCD monitor, one of the largest in the industry. Handset with a keyboard along with PC power and USB ports are integrated into each seat. High fidelity noise cancellation Bose headsets are provided for your listening comfort.

Limousine facility, newly refurbished dedicated Maharajah lounges and fast track connections at major airports enhance your **ultimate flying experience.**

Executive Class

Number of Seats: 35 - B 777-200 LR || 35 - B 777-300 ER

Configuration: 2-3-2

Seat Pitch: 76 inches

Each ergonomically designed seat is 19.5 inches wide. A divider provides privacy between seats. It transforms to a fully horizontal/lie flat position at the touch of a button, when the arm rest collapses, providing 26.5 inches wide bed.

Gourmet food is served on specially selected Noritake fine bone china, complimented by carefully chosen wines and beverages. The inflight entertainment system is equipped with Audio Video on Demand and 15.4 inch LCD monitor, one of the largest in the industry. Handset with a keyboard along with PC power and USB ports are integrated into each seat.

Limousine facility, newly refurbished dedicated Maharajah lounges and fast track connections enhance your **ultimate flying experience.**

Economy Class

Number of Seats : 195 - B 777-200 LR

303 - B 777-300 ER

Configuration : 3-3-3

Pitch : 34 inches

Each ergonomically designed seat is 18 inches wide with a 6 inch recline and has a therapeutic footrest installed in front of the seat for added comfort during long haul travel.

The inflight entertainment system is equipped with Audio Video on Demand, 10.6 inch LCD monitor with PC power and USB ports integrated into the armrest.
