Cover: "We, the Cowherds of Gokul"

Tempera on board by Jalendu Dave.

From the Air-India collection of contemporary Indian Art.

The Hindu Lord Krishna was born in Mathura and was reared at Gokul, on the banks of the river Yamuna in North India. Episodes connected with his early life in this pastoral community are the theme of various songs and paintings of India.

These episodes are depicted, in traditional miniature style, on the cabin walls of Air-India 747s.
