AIR INDIA VACATIONS EXPLAINED

Air-India takes pleasure in presenting its vacation programmes for 1984 to Europe and to the U.S.A. — the European and the Euro-Am Bonaza

In its fifth year of operation, it has been getting more and more popular every year. In 1983, our European programme was rated as one of the finest from anywhere — because it offered so much more in sightseeing and comfort compared to any other similar tour.

In an era of soaring costs, we have been successful in keeping our cost increases to a minimum. It has been planned by people who know the places first hand and have travelled on this tour several times to know of passenger requirements first hand.

Some of the salient features of our tour are explained below :

... all arrangements for the tour are pre-booked.

... are all first class with attached bath or shower and toilet facilities. Some have deluxe properties.

This is important for you must have a good night's sleep and private facilities. A good hotel puts you in the right mood, enhances comfort and prestige — yours and the country's. You will realise it when you are abroad. And, in Europe, tourist class hotels can be depressing and seldom have all rooms with attached bath and rarely with toilet facilities. Even standard class hotels can often be disappointing. **So we don't compromise on our hotel quality.**

... Sightseeing programmes are guided and comprehensive. There are many additional features included in our tour price such as museum visits, cable car rides, Rhine cruises and evening programmes not there in most other tours. (Some of the programmes we have seen, disguise their deficiencies and the few offer are brief and panoramic). People availing such package usually first time travellers, and for many it is a tour of a life commitment to provide the maximum possible.

Air-India's temptations space of baggage per person is provided for. across the globe on a modern 1 A 300s and 707s, backed by 50 years is aboard luxury coaches. flying experience.

You can join our tour at Rome, and leave us at Paris or London to continue to your destination/s beyond.
