London

These are the routes of Air-India:
 There's London, (Westminster et al.)
 A truck's called a "lorry" and there's never a worry
 Racing pell mell on Pall Mall.*
 The West End of town is the best end of town
 If you're anxious to mix the wheels.
 But Soho... is you know,
 Like, "numero uno" if you're eager to kick up your heels.

*You simply must pronounce this with a long "a."
