How the fly...

There and I
 Saw a fly in motion with such grace
 So light and so
 It seems like poetry
 When I read my book I see the fly
 When I read some words some say in rhyme
 When I wonder up the stairs I find in rhyme
 As I look well
 I see in front of the window
 The sun, the people, the trees
 And the garden where I have got flowers
 In the house of my home
 Follow me, as I go through all my journey
 In the pages of mine.
